

MODEL EM-5001A

Safety Shooting Soundproof Earmuffs

EN352-1:2020, ANSI Certified

Specification

Shape: headband type.

Material: High-strength ABS shell.

ANSI NRR: 27dB.

Certification: EN352-1:2020, ANSI.

Color: Orange, Yellow, Blue, Green, Custom.

Headband: Stainless Steel Folding Headband.

Powerful Noise Insulation

SNR 32dB & NRR 27dB high attenuation effectively blocks shooting and industrial loud noise to protect eardrums.

Durable Adjustable Headband

Stainless steel headband with adjustable structure, stable fit and strong toughness for long-term use.

International Safety Certification

Certified by EN352-1:2020 and ANSI, compliant for shooting, construction and workshop safety scenarios.
