

MODEL SG-71009

Industrial anti-fog anti-shock Safety Glasses

CE Certified

Specification

Frame Material: Nylon, Lens Material: Polycarbonate

Fit over prescription glasses

Lens Coating: Anti-Fog, Anti-Scratch

Protection Performance: High-speed impact resistance, 99.9% UV protection

Special Design: Fit over prescription glasses, integrated vented side shields

Available Lens Color: Clear, Grey, Yellow or Custom

Application: Industrial work, outdoor activities & site visitors

Available Lens Color: Clear, Grey, Yellow

Over-the-Glasses Fit Design

Fits comfortably over most prescription glasses, ideal for site visitors and workers who need eye protection without removing their own eyeglasses.

Multi-Functional Polycarbonate Lens

Hard-coated polycarbonate lens delivers high-speed impact resistance, anti-fog, anti-scratch and 99.9% UV protection for clear vision in various working conditions.

Ventilated Integrated Side Shields

Built-in vented side shields block flying debris while improving air circulation to reduce fogging. Custom lens & frame colors are available
