

MODEL EC-2001

Christmas Tree Silicone Certified Earplugs

CE, ANSI, AS/NZS Certified

Specification

Product Type: Reusable silicone earplugs with Christmas tree structure.

Core Material: Food grade soft silicone.

Insert Mode: Push-in direct insertion wearing method.

Noise Reduction Performance: SNR 32dB, ANSI NRR 26dB, AS/NZS Class4 24dB.

Color: Orange, Yellow, Black, Red, Blue, Green and customized color support.

Use: Noisy working, Sleeping, Travelling, Flying, Shooting.

Qualification : Pass CE / ANSI / AS/NZS certification.

Powerful Noise Reduction & Waterproof

3-layer Christmas tree design closely fits ear canals, SNR 32dB noise reduction for noisy work & sleep. Waterproof silicone works well for swimming to stop water entry.

Soft Silicone for Reusable Comfort

Pure silicone brings low ear pressure, sweat & moisture resistance. Durable structure for repeated cleaning and use, higher cost efficiency.

Certified & Customizable for Wide Use

Removable nylon/PVC lanyard avoids loss; multiple colors optional.
