

MODEL SG-71033

Over Spectacles Safety Glasses Frameless Anti Scratch UV Protective Work Goggles

CE & ANSI Certified

Specification

Lens Material: Polycarbonate (PC)

Temple Material: Nylon

Lens Coating: Anti-Fog, Anti-Scratch, Anti-static, 99.9% UV Protection

Optical Standard: Optical Class 1

Structural Feature: Adjustable & Rotatable Temples

Core Performance: High-speed Impact Resistance

Application: Industrial Work, Outdoor Sports

Available Lens Color: Clear, Grey, Yellow

High Impact Resistant PC Lens

Adopted high-quality PC explosion-proof lens, protects eyes from dust and flying metal debris, complies with industrial safety standards.

Adjustable Anti-slip Temple

Temple angle can be adjusted freely with soft anti-slip strips, fits different head sizes, stable and non-slip for long-time wear.

Lightweight Panoramic & Breathable Structure

Half-rim design delivers wide unobstructed vision. Lightweight frame with ventilated structure reduces fogging, comfortable with less pressure.
